

***A Great Hospital
Is Great for Business***

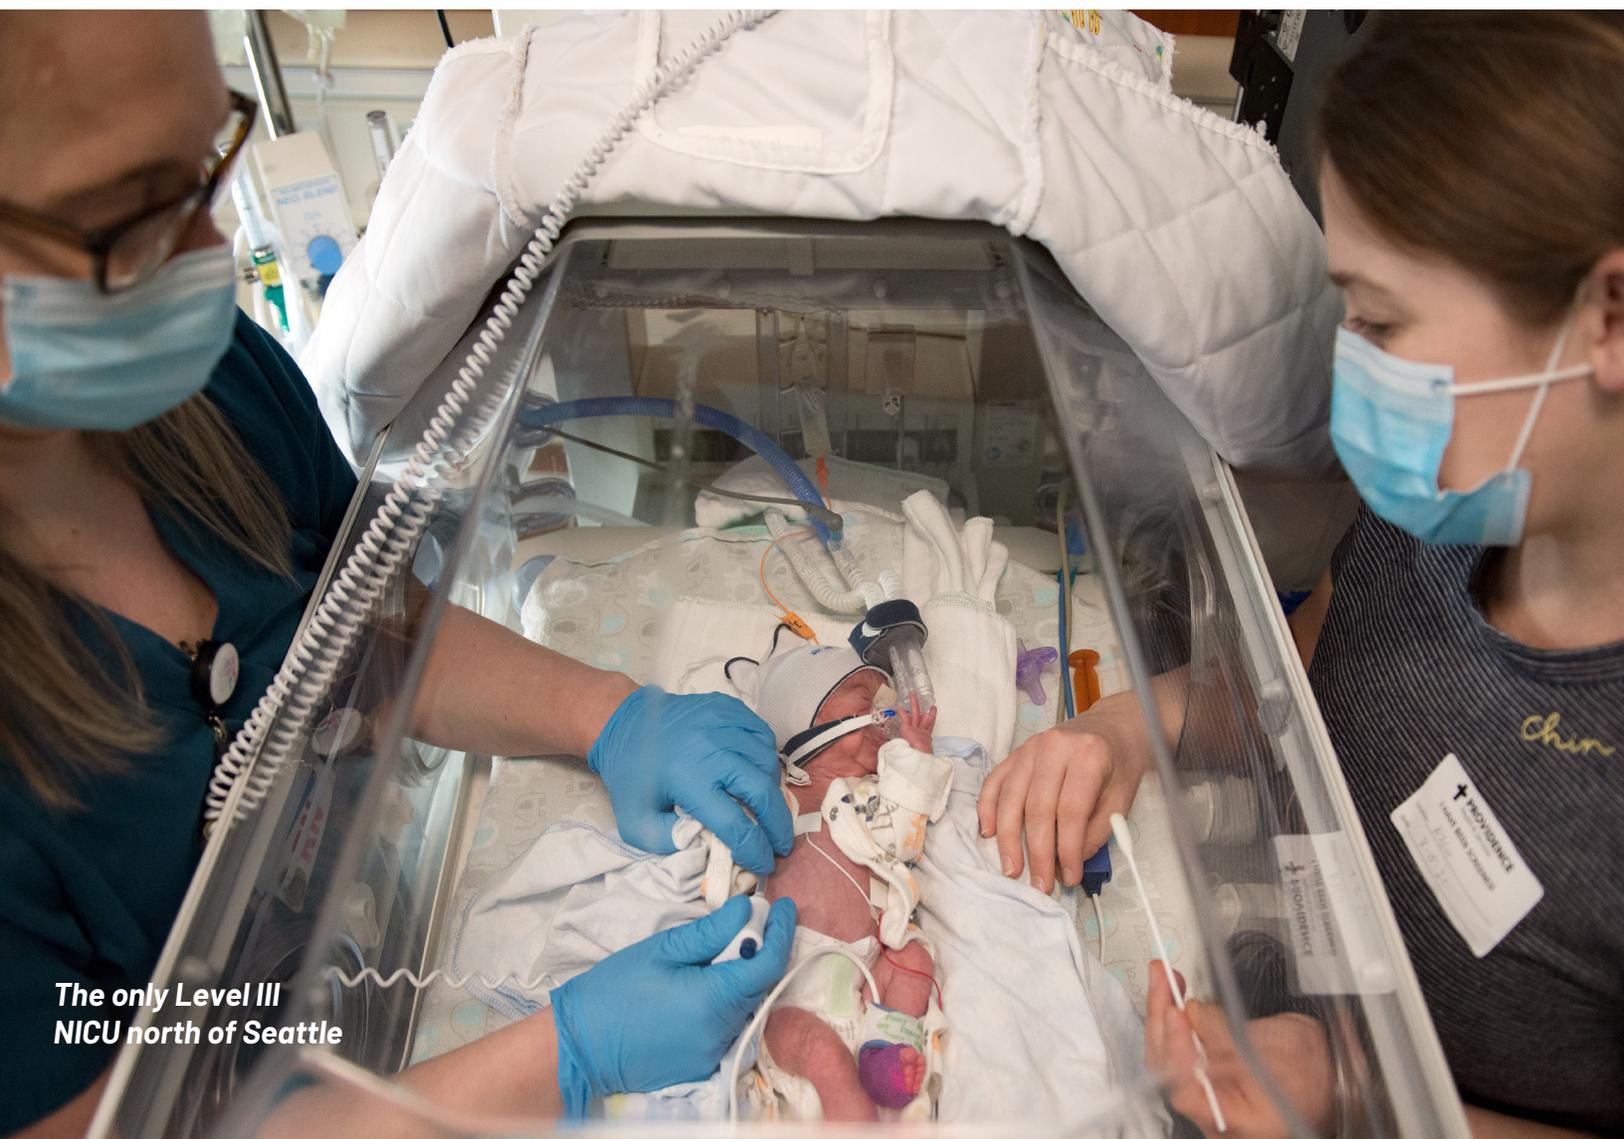

Partner with Providence Everett

Partnering with Providence Everett isn't just goodwill—*it's good for business.*

Our vibrant region is one of the fastest growing in the nation—*by 2044 Snohomish County's population is projected to grow to as many as 1.1 million people.* As a local business or organizational leader, you know this is a great place for businesses and families to call home. We want to keep it that way for all who rely on world-class cornerstone institutions, such as Providence Regional Medical Center Everett. As the pandemic has taught us all: no one wants to need a hospital, but when you do need one, *it better be great.*

Serving five counties, Providence Everett is the second busiest and third largest hospital in the state. We are proud to be one of Washington's most award-winning medical centers, but a great hospital doesn't just happen—for a nonprofit like Providence Everett *excellence is fueled by philanthropy.*

With more than 6,000 employees who live, work, and shop locally—and tens of thousands of community members seeking care annually at Providence Everett's medical center and regional clinics—*nearly everyone in our community has a connection to Providence Everett.*

**The only Level III
NICU north of Seattle**

Show your community you care.

- Help ensure top-notch health care is available for all your customers.
- Benefit and support the well-being of your employees and their families.
- Build, engage, and retain your employees by growing their connection to the community and giving back, together.
- Strengthen consumer confidence in our local economy—when your local hospital is thriving, its staff, vendors, and patients thrive, too.

We can tailor a meaningful partnership for your company's philanthropic interests.

“

“Great health benefits are only as good as the care available. Having a great hospital in our community is one more advantage to get—and keep—top talent.”

- Tom Lane, Owner
Dwayne Lane's Family of Auto Centers
Everett, Arlington & Burlington

“Supporting new moms, babies, and families is what Little Bipsy is all about. Partnering with Providence, where the parenting journey begins, is **a way to extend our core values beyond our company and brand.**”

- Brittani Little, Founder & CEO
Little Bipsy
Everett & Edmonds

”

Customers and employees are looking for **companies who care.**

Corporate Social Responsibility isn't just about doing good—it's good for your bottom line, too.

CUSTOMER LOYALTY & COMPETITIVE EDGE

67% of consumers would pay more to socially and environmentally responsible businesses.

INCREASED EMPLOYEE ENGAGEMENT

71% of employees say it is very important to work at a company that invests in philanthropy.

UNIQUE MARKETING OPPORTUNITIES

3 out of 4 consumers are motivated to purchase from companies committed to making the world better.

ATTRACTING THE BEST TALENT

2 out of 3 young employees won't take a job at a company with poor corporate social responsibility practices.

Philanthropy is **essential** for **excellence**

Providing lifesaving care for
a five-county region

What if your company operated on a 1% margin?

That would leave little room for investing in innovation or the latest technology. That's the case with Providence Everett and many not-for-profit hospitals across the nation. As part of our mission, Providence Everett is dedicated to providing tens of millions of dollars in free or subsidized care for the poor and vulnerable. Yet, to attract and retain the best doctors, nurses, and researchers, we need to maintain a top-notch medical center by investing in the latest equipment, technology, and research—*that's where philanthropy comes in.*

With your annual commitment of \$10,000 or more, you will become a member of our Providence Everett Corporate Partners Program. Your involvement and benefits can be customized to meet your goals, while also addressing the needs of our patients and the medical center.
