

Your support matters

Providence Seaside Hospital Foundation

Providence Seaside Hospital Foundation connects generous donors with Providence Seaside Hospital to advance health and wellness in our community. We are the bridge between you and Providence caregivers working every day to save and improve peoples' lives.

Our donors help bring high-quality care and up-to-date technology to north coast residents. Donors advance programs that rely on philanthropy, programs that require only seed money, and programs that thrive because of the margin of excellence their gifts provide. In recent years, donors brought the first 3D mammography technology to the Oregon Coast, purchased surgery and endoscopy equipment and helped to create larger, safer and more private facilities for emergency care.

How you can help now

Today our north coast community continues to grow and change. More of our residents need high-quality heart care. Others struggle with homelessness, food insecurity, behavioral health challenges, and lack of access to care. **Your support is needed more than ever before.** Areas where your help is needed most:

- **Cardiac rehabilitation:** Create new facilities to provide lifesaving cardiac rehabilitation services to heart patients and innovative exercise, nutrition and stress-reduction programs to community members.
- **Transportation:** Ensure that seniors, families of children with special health needs, and others who are vulnerable can access the care they need by providing transportation and other supports, including free shuttle service to advanced care in Portland.
- **Dental care:** Connect a growing number of low-income residents and children without dental insurance to urgently-needed dental care and dental health resources and information.

- **Caregiver education:** Ensure that Providence patients continue to receive care from a dedicated team of compassionate and well-trained caregivers by providing scholarships for health care degree and certificate programs.
- **Behavioral health:** Help our most vulnerable patients - frequently people experiencing addiction or mental health crises - toward better well-being by connecting them with food, shelter and other services essential for better health.

Contact us

For more information about how you can advance the health and wellness of our community, please contact Kimberly Ward at 503-440-3226 or kimberly.ward@providence.org.

Providence Oregon

Providence Seaside Hospital is part of Providence Oregon, a not-for-profit network of hospitals and centers, health plans, physicians, clinics, home health services, and affiliated services operating throughout Oregon. Our caregivers pledge to care for all people who come for services and seek out the unmet needs of those who lack essentials. In total, we serve more than one million people in Oregon and southwest Washington.

OUR MISSION

As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

OUR VALUES

Compassion, Dignity, Justice, Excellence, Integrity
