Excellence

In memory of **Sister Rita Ferschweiler** (March 16, 1918 – April 25, 2020)

Sister Rita Ferschweiler passed away earlier this year and is well known throughout Providence as a visionary and compassionate leader. A nurse by profession, she worked throughout Providence including Alaska, Washington, and Oregon, taking the helm in Portland during one of the most turbulent and controversial projects: building the new St. Vincent Hospital.

In tribute to her many accomplishments and exemplary efforts, the Sister Rita Patient Assistance fund was established in 1993 with the purpose to provide support to patients in need.

Since its creation, donations to this fund are used to help with critical needs, especially during discharge, and the support has helped families with food insecurity obtain meals, provided transportation, provided clothing, and even tents and shelter for the homeless.

Every year, the Sister Rita Patient Assistance fund has provided critical funding for the poor and vulnerable, distributing to those who need it most. In recognition of the important role she played, we are dedicating this year's Christmas in the Forest's Fund-a-Need to raise dollars in support of those in need. This fund will provide food, clothing, housing, and transportation support to those who need it most.

If you wish to support our Sister Rita Patient Assistance fund, please contact the Foundation office at 360-493-7981 or visit our website at www.providence.org/giving

Providence Mother Joseph Care Center Lifts the Spirits of their Residents During COVID-19 Quarantine

With the onset of COVID-19 lockdown measures, everyone is having to find creative ways to have social interaction with all the mandated safety precautions. Now imagine you are a recreational caregiver at Providence Mother Joseph Care Center, a skilled nursing facility with more than 100 patients at any given time. All residents are quarantined, which means family/friends are restricted from entering the facility to prevent the spread of the virus to those who are most vulnerable. This created quite the challenge for staff who are tasked with daily recreational activities and finding ways to connect residents with their family/friends, all while making the physical health of residents first and foremost.

Here are some of the ways caregivers creatively worked to engage and lift the spirits of residents.

Operation Anniversary Rendezvous

News of a 50th wedding anniversary sent the caregivers at MJCC into action. The couple wished to share a simple dinner together. A difficult task through a window visit or a Facetime call. A plan was quickly devised to set up an eating arrangement using the emergency exit doors and a folding table and chair to create the perfect dining area that complied with the social distancing guidelines. The magic came with staff chipping in to make the space special with a fancy tablecloth, flowers, china setting and a special dessert. Truly a night to remember.

Family Connections

From video to window chats family members and residents are staying connected. Caregivers assist the residents with setting up phone call

appointments and video chats through various platforms, including Facetime, Duo and Zoom. In person window visits are also coordinated using in-house phones and positioning the patient behind a window providing for a safe face-to-face visit.

Fun Times

To offer fun and excitement in the lives of our residents, caregivers have thoughtfully put together unique and fun-filled ways to celebrate national holidays and special days. Residents and caregivers received Hershey's Candy Kisses on International Kissing day, Kellogg's Nutri-Grain Blueberry Bars for national Blueberry Month, a patriotic button and history review for Independence Day, popcorn Fridays and Hallway Bingo – while social distancing all players.

If you wish to support our Mother Joseph Care Center fund, please contact the Foundation office at **360-493-7981** or visit our website at www.providence.org/giving

Southwest Washington Environmental Stewardship Fund

The Environmental Stewardship fund, created in 2019, provides funding for projects that protect our environment, public health, and fosters community resilience in Southwest Washington.

Projects that have received funding include landfill waste reduction, energy and water conservation, and reducing exposure to toxic chemicals. Thanks to the generosity of others, this fund will help us realize our vision of environmental justice and stewardship.

“We have an ambitious goal of attaining carbon negativity by 2030” says Geoff Glass, senior manager for energy and sustainability, Providence St. Joseph Health. “This fund will play a pivotal role in providing funding needed to fulfill this vision.”

“And we hope to inspire others to follow, adopting stewardship practices that protect our environment.”

Environmental Stewardship

Accomplishments:

Over the last 14 years, Providence St. Peter Hospital has reduced water consumption by 58 percent saving over \$2.5 million.

Updated two operating rooms with occupancy sensor technology for the HVAC system resulting in a 25,000 kWh energy savings and \$2,000 cost savings, and an additional 2,460 therm energy savings and \$2,091 cost savings.

Installed LED lighting and LED surgical lighting in the operating suites and introduced natural day lighting into the Sterile Core. LED's are more energy efficient and can decrease energy use by over 40%. The lifespan of a LED is about 10-15 years, lasting approximately 30 times longer than halogen lights.

Installed energy-efficient solar panels on the Sunshine House

Promoting ride share and alternative transportation options to employees

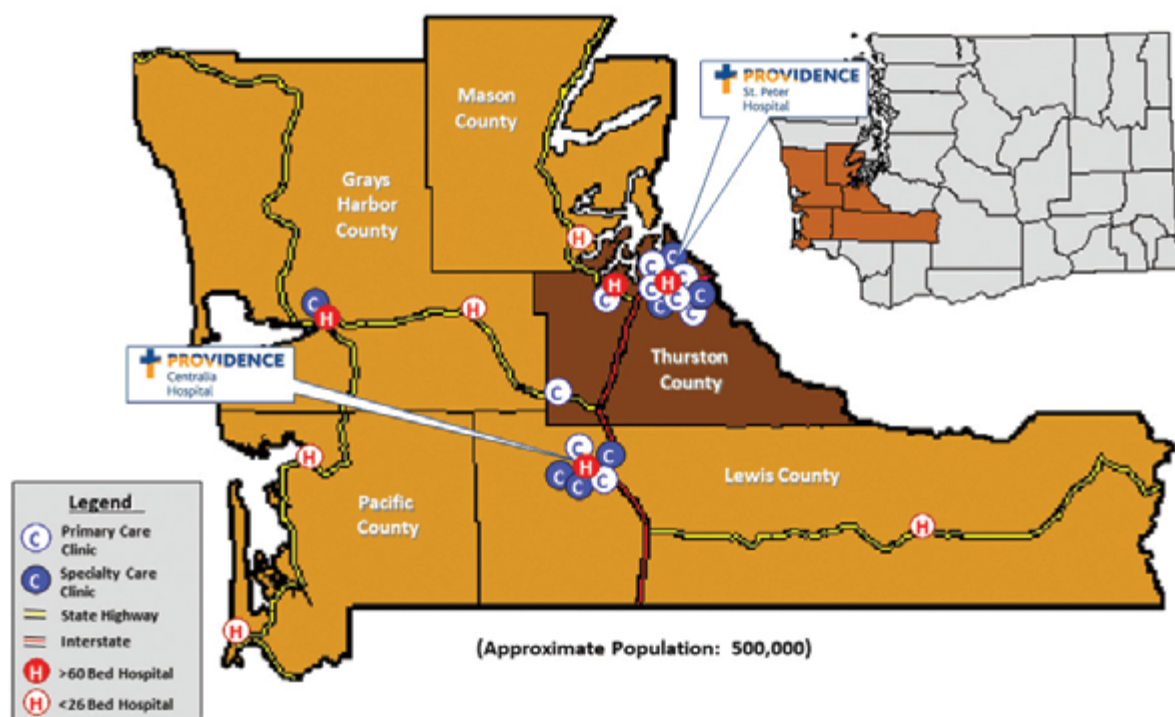

Since 2008, Providence St. Peter Hospital has been a member of Practice Greenhealth and has won several Environmental Excellence Awards and Partner for Change Awards.

If you wish to support our Environmental Stewardship fund, **please contact the Foundation office at 360-493-7981 or visit our website at www.providence.org/giving**

Coming Together:

Providence Southwest Washington Foundations Merge

After lengthy discernment and planning by the Providence Health Care Foundation-Centralia and Providence St. Peter Foundation boards and leadership, the two foundations raising philanthropic funds for Providence Centralia and St. Peter hospitals, Providence Mother Joseph Care Center, Providence SoundHomeCare & Hospice, and Providence Medical Group will combine into one legal entity effective January 2021. Funds designated for the benefit of these ministries, and all future donations, will continue to be held for the direct benefit of the facility or program directed by the donor.

While the foundation staff and leadership were consolidated into one team serving both foundations more than five years ago, the boards and legal structure remained separate. The vote to consolidate the foundations came after more than a year of careful evaluation, with the focus on a future that will provide the most efficient and effective impact on the health care needs of the communities we serve.

In the Hopes and Aspirations document created by the Sisters of Providence to outline their intentions for our ministries going forward, the following guidance has helped inform this decision:

“As transportation and communication bring us closer together, we hope Providence Ministries will embrace a spirit of collaboration, not competition, in service of the Mission. Stewardship of the resources of Providence, our communities, and our society require that we work with others to find new ways to advocate more effectively for the poor and to meet their needs and avoid wasteful duplication. We expect Providence Ministries to search for new ways to carry out the Mission, honoring Providence tradition, but not letting past practice constrict the vision of what is best for the future.”

The 33 directors of both boards will join as one to ensure appropriate representation of our five-county service area. Funding allocation formulas to all five local ministries will remain intact and existing and future donations will be restricted precisely as desired by the donor.

As Providence continues to seek efficiencies and opportunities to improve alignment, collaboration and efficiencies to maximize benefit to the populations we serve, the need to combine the two entities became clear. Over time, this will allow reduction of administrative costs and provide a platform for a united effort to address the greatest needs of the communities we serve to impact lasting improvement in the health and wellness of our residents.

If you would like any more information, please contact Chief Philanthropy Officer Peter Brennan at peter.brennan@providence.org or by phone at 360.493.7980.

Virtual Christmas in the Forest 2020

We thank you for generously supporting this year's Christmas in the Forest Fund A Need cause, the Sister Rita Patient Assistance Fund. This fund provides direct support for those with transportation, medical equipment and social service needs to transition from the hospital to home, where they can continue healing without the added burden of these financial barriers.

Like so many other events we know and love, this year's Christmas in the Forest is going virtual. That just means we are bringing the Forest to you. Make plans to visit www.provforest.org after Thanksgiving, where you'll have a chance to view the beautifully designed trees and wreaths in our virtual public viewing. Between Friday, November 27 and Friday, December 4, you'll have the chance to bid on uniquely decorated and themed 2' mini-trees, plus some other special items from supporters of the Foundation.

We are grateful to this year's Platinum sponsor – Starbucks, plus the many other sponsors who step forward year after year to support the Mission of Providence.

While we look forward to bringing you a virtual event this year, we can't wait until we can gather together in person again!

Thank you for your generous support!

Thank you to this year's Christmas in the Forest sponsors:

2019 Providence St. Peter Foundation

Donor Impact Report

In 2019, Providence St. Peter Foundation donors provided over \$4 million in funding for mission driven programs and services, building healthier communities and continuing our more than 100-year tradition of serving the poor and vulnerable. Every gift makes a profound impact, from new equipment and services for patient care, to providing compassionate programs that tend to a patient's heart and soul, your generosity and compassion has helped inspire hope, health and healing.

Dental Residency Program at Neighborcare Health Dental at Providence St. Peter Hospital received a full year program clinic support.

Providence Sexual Assault and Child Maltreatment Center received program support, Monarch therapy, trauma bags, and weighted comfort blankets.

Providence SoundHomeCare and Hospice received equipment, SoundCare Kids program support, and Respite and Comfort Care for families and patients in need.

Providence Animal Assisted Activities & Therapy (PAAAT) received a full year of program support.

Providence Regional Cancer System received support for sexual assault, cancer integrated therapies, Cancer Survivorship Celebration, and advanced care planning

Providence Mother Joseph Care Center received equipment and services upgrades

Providence St. Peter Hospital and Providence Medical Group received patient care equipment and caregiver continuing education and nursing scholarships

Sunshine House received facility upgrades

No One Dies Alone (NODA) received a full year of program support.

Providence Community Care Center received equipment and program support

Thank You Legacy Club

Providence St. Peter Foundation and Providence Health Care Foundation's Legacy Club recognizes those who have made provisions in their estate plans, continuing the commitment to care for others, especially the poor and vulnerable. Estate gifts enable us to plan for the future, offering hope and compassion by providing quality health care. Together, we celebrate Mother Joseph's legacy by caring for others today and for future generations.

Members of our Legacy Club will receive:

- a Legacy lapel pin;
- recognition on our donor wall
- a Cornerstone Newsletter, special estate-related mailings, invitations, and our stewardship reports

If you are considering including a gift to Providence in your will or want additional information, **please contact please contact us at 360-493-7981 or ProvStPeterFoundation@providence.org.**

Providence St. Peter Hospital

Providence Mother Joseph Care Center

Providence SoundHomeCare & Hospice

Providence Medical Group

Many generous acts supporting one mission

Lower your taxes *with the new tax law*

**The new law
continues to provide
easy opportunities
to lower taxes.**

Whether you typically itemize or take the standard deduction, there are ways to receive tax savings, enabling you to support Providence St. Peter Foundation.

Fund a charitable gift annuity
(and receive lifetime income)

**Make an outright gift of an
appreciated asset**
(and reduce capital gains tax)

**Give directly from your IRA
(with a rollover gift)**
(and this will count towards your
required minimum contribution)

Learn More About the Benefits of a Planned Gift

As we live in unprecedented times where life seems so incredibly different, please remember that a gift from your IRA, appreciated stock, or creating a charitable gift annuity are a great way to support the work of the Foundation you care most about.
